Describe the proposed improvement in detail, listing all contractors to be used. Attach additional pertinent information, such as brochures and/or drawings, anything that may be helpful to the committee in assessing and deciding. For paint, attach paint chips and label for body, trim, and door and include a photo of your house with any adjacent homes. If using fence stain other than clear coat or Behr Woodbridge SC-116, then approval is necessary. A site plan should be included for landscaping improvements. Board approval is valid for one year from decision date and all work must be completed within nine months of start date. Contractor signage not allowed.
